

# **POOLMASTER®**

We Make Water Fun!

Thank you for your purchase. Your clock / thermometer / hygrometer is weather-resistant and ready for indoor or outdoor use. For product longevity, it is recommended to keep it away from artificial heat and out of direct sunlight.

## **BATTERY INSTALLATION / SET UP**

Remove battery cover on back of clock and insert 1 AA battery in the correct orientation as directed on the clock and replace cover. Use the wheel on the back to adjust to the correct time.

## **MOUNTING**

Mount to any surface using a nail or screw, not included. Hang clock by using the hanger on the back. Do not hang from the lip / outer rim of the clock.
